A Master Leap.

Mrs. Dr. E. P. Wheeler and M. J. Hall of Pocatonia have commenced a suit against Mr. J. G. W. Garrett for \$10,000 damage.

Col. W. M. Inge, of Corinth, was here Wednesday in the interest of the prosecution of G. W. Garrett, whom the prosecutor, Mrs. M. J. Hall, says killed Dr. E. Wheeler at Pocatonia last week, will fully and purposely. Col. Inge is one of the leading attorneys of Mississippi and will tilt the matter to the bottom.

On Monday night last a burglar broke into the store of Scott and May at Hickory Valley and stole all the money in the drawer, and a few articles of merchandise. No clue. Supposed to be the same.

The business houses of Smith, Nuckolls, and Rainey at Teane were burglarized last Tuesday night. They secured about \$60 from the cash drawer of Smith, \$10 from Rainey, and \$4 from Nuckolls. The thief or thieves stole a bottle of wine and a few other small articles. The manner of the stealing indicates that the thief or thieves were the same that robbed M. J.

A SAD SHOCK

The horrible death of Mr. Frank Bray at the Insane Hospital last Tuesday morning was a terrible shock to this community. The unfortunate man was at his post of duty, laboring for the support of his loving wife and dear little ones, when a mass of brick and mortar, weighing perhaps, 150 tons came down upon him and around him. His skull was fractured, his leg broken, his ribs crushed in, his neck broken, and his body fearfully mangled. His remains were brought to his residence on main street Tuesday evening. Rev. E. B. McNeil, of Jackson, was wired for, he came and conducted the funeral rites on Wednesday morning. The funeral train was one of the largest ever seen in Bolivar. His remains were interred at Union Cemetery. Mr. Bray was a young man, being only 29 years and 9 months old. He was an honest and industrious man, always attended strictly to his business, faithful with all men; and had a host of friends. The Star tender its deepest sympathy to the widowed wife and the two little fatherless children and the bereaved relatives.

A DESTRUCTIVE CRASH.

A Workingman Buried Beneath the Debris.

Last Tuesday morning the rear arch of the grand tower at the Insane Hospital gave way, and precipitated fully 40,000 brick into the cellar. This arch was on the fourth floor. The unfinished portion of the tower above the arch was about 20 feet, and that portion came through. That part of the tower below was not damaged, except the destruction of the joists. The estimated damage is about \$700. The brick work for the entire building was almost finished, only lacking about 600,000 brick. Mr. Frank Bray, a carpenter, had his shop on the second floor, directly under the arch that gave way. He was caught in the debris, and crushed to death. His body was exhumed in two hours. This is the first accident since the work began.

Theodore Martin colored who assisted in cutting the brace from under the rear arch of the grand tower which fell at the asylum last Tuesday morning by some chance was not caught in the falling mass; but in the midst of the dust while filled with fear he made a rush for a window and ran into the hole made by the precipitated tower, falling headlong a distance of eighty feet into the cellar. He received no injuries except several severe bruises.

NOTICE

As chairman protem of the Democratic Executive Committee of Hardeman County Tennessee, I hereby notify and earnestly request each member of said Democratic Executive Committee to meet at The Star office in Bolivar on the first Monday the 3rd day of September 1888, for the purpose of organizing said committee by electing a permanent chairman, a secretary and a treasurer. The names of the persons composing the above reconstituted committee will be found in the minutes of the late Democratic county convention. Gentlemen search the columns of your county paper, The West Tennessee Star of this week, and find who compose said committee—one and all come for there are other matters vital to the Democratic party, its principles and their success that must be speedily attended to. Aug. 14th, 1888. D. J. NEWBURN, Chairman.

From Hickory Valley

Editor West Tennessee Star:
Hickory Valley, Tenn., Aug. 14, 1888.—I notice a few cutting remarks in your last issue from New Castle, signed "Bomani" about what I said regarding an ice cream supper at that place. I am very sorry for him. In fact he is more than mine to give. It is strange what miserable constructions some folks place upon simple plain English. I had no other idea but that the ice cream supper was all it should have been. I know some of the ladies connected with it, and have never heard of any one speak otherwise than of its being even more than you have insisted it was. Your correspondent dies at me with the appellation "he", and grows worse in his fit of madness. I must conclude he knows little about history—I dare say he never read the history of Greece. I have no war was on the masculine gender; and my friend will be surprised to know that I am not of that sex. All I know about the cream is from hear-say. I knew the parties who went from here would have gotten all the cream they could have wished for, had they gotten there in time. Now if I have given a "Smart Alex description" of the supper, he has made a denier of himself for not having made any such to the right gender. I heartily thank him for the promise of a cordial invitation to the next ice cream supper at that place, though it is best not to be more nice than wise.

Dr. R. A. Moorman, preached the opening sermon for the union meeting. Up to last evening no one had come to relieve him. Dr. Moorman is growing very old, yet he is happiest while actively engaged in the Master's work. May he have more than an abundance when he goes into the celestial home.

Miss Emma Dodson, of Collierville, Tenn., is visiting the family of Mr. R. A. McAnulty. Miss Emma has many friends here to bid her welcome, and to make her stay as pleasant as an autumn twilight.

Miss Pattie Smith, who has been visiting friends and relatives here and at Grand Junction this summer, returns to her home in a Colorado to-morrow.

We have a crowd of speakers of going up on Hatchie river, near Bolivar, next week on a fishing expedition.

The local editor accompanied by Misses Bettie McDaniel and Nellie Green paid the valley a pleasant visit Sunday. Success to The Star.

A misinformed party sent a telegram from this place to the Nashville Democrat last Monday, stating that the convention instructed for Hon. James Phelan as second choice for congress. Such is not a fact. Dr. J. D. Sasser, Sr., of Middleton, moved to amend the resolution instructing for Norment as to make Phelan second choice. But he was prevailed upon to withdraw the amendment which he did. The convention never voted on the amendment. The resolution instructing for Norment requires our delegation to vote for him so long as his name is before the convention. We suppose the same party wired the Avalanche that the "majority caucus" endorsed Phelan as second choice for congress. That is a mistake. It endorsed him as second choice for U. S. Senator.

NOTICE

In the future, my Drug Store will not be kept open on Sundays, but I can usually be found, either at the church, or at the Acton Hotel, and will take much pleasure in waiting on anyone wanting medicine. Respectfully,
B. V. HUDSON.

Two of the shrewdest, pluckiest, and most vigilant leaders in the late convention were J. T. Simpson of Crainsville, and J. T. Lowe, of Salsbury. One for Wilkes and the latter for Manson. The Star nominates these two gentlemen for the legislature two years hence. They are built at the right kind of material for representative.

On Monday, Sept. 3, 1888, I purpose to open a private school in the south room of the Public School Building. Pupils will be thoroughly instructed in all English branches, besides Latin, Greek and Higher Mathematics.

SEVEN LADIES

AFFLICTED FOR YEARS WITH PAINFUL AND DANGEROUS DISEASES.
Their Health Restored by the Use of a Remarkable New Remedy.

McElree's Wine of Cardui Accomplishing a Revolution in the Treatment of Female Diseases.

Several articles have appeared in the columns of this journal commending the medicine known as McElree's Wine of Cardui. They have attracted wide attention and the manufacturers have been overwhelmed with letters from afflicted ladies requesting information regarding it. They daily get reports of cases treated with the Wine; they keep a record of every case reported.

Some of them are not cured by the Wine. Most of the reports are favorable. They try to give honest, reliable information regarding the value of this great remedy. Of one thing they can assure everybody, viz: The Wine is a pure, harmless vegetable preparation. A lady in any condition can take it with perfect safety. It is as harmless as tea or coffee. It is a wonderful tonic. It strengthens, invigorates and restores ladies who are nervous and debilitated. The following cases have been reported from many thousands reported.

Case No. 7,555.—A lady thirty-one years old, married thirteen years, with no children, suffered every month with a dreadful headache, sick stomach, weak back and limbs, sleeplessness and great nervousness at times. She had pains in her right side and in the groins and hips. She used six bottles of Wine of Cardui and reported herself cured. She now has a babe three months old.

Case No. 15,982.—A lady who had no well-defined disease except general debility, no appetite, loss of flesh, continual tired feeling, great exhaustion from slight exertion, in going up stairs would have to sit down two or three times, and would be completely exhausted. She took the Wine of Cardui as a tonic three times a day, and in two months gained eleven pounds in flesh, recovered her strength, and is now in good health.

Case No. 5,672.—A girl sixteen years old, attending school, was troubled with palpitation of the heart, oppressed breathing, weakness of limbs, pains in the abdomen and back and other unfavorable symptoms. She was treated by a physician three months without relief. Her parents carried her home, gave her McElree's Wine of Cardui, and in two weeks she returned to school in good health.

Case No. 1,578.—A prominent lawyer's wife was afflicted with great pain in the back, hips, abdomen, head and neck each month. Her hands and arms to the elbow, and her feet and legs to the knees would be cold, and one eye her eyes would almost set in the sockets; her lips would be almost blue, her teeth would set firmly together, and for hours she would lie in this condition groaning and suffering. This continued at intervals for four years, physicians giving her but little relief. She had tried all the remedies she could hear of. Her husband sent her a bottle of the Wine of Cardui, and after taking it four days she passed the usual period of suffering with scarcely a spasm of pain, and did not go to bed.

Twelve months after, her husband wrote that she had been permanently cured by the use of McElree's Wine of Cardui.

Case No. 95,840.—This lady was forty-six years old, and became afflicted with all the symptoms indicating "change of life." Her condition became very alarming, and her family was greatly concerned on her account. Her husband procured six bottles of McElree's Wine of Cardui, and in six months her health was entirely restored to her.

Case No. 8,922.—A married lady for several years with the bowels. It was in fact a case of constipation and resulted in complications affecting her and caused great suffering to her relatives. She was treated by physicians and great expense for different medicines, she got a package of Theodor's Black Draught and made a tea from it, which she used every second day. In connection with it, at the proper time, she took McElree's Wine of Cardui. At the end of three months her father wrote that she was so much improved that they considered her entirely cured.

Ladies desiring additional information regarding this astonishing remedy should write to the Chattanooga Medicine Co., Chattanooga, Tenn., for their pamphlet on Female Diseases; their Causes, Symptoms and Treatment, which will be mailed on receipt of a postage stamp.
